Hello Marshdale students! This is the very first Marshdale newspaper and I will be informing you about everything that goes into these newspapers. There will be one every few weeks. Please be understanding if I don’t get it out on time. In these newspapers I will inform you about upcoming events at Marshdale. I will also interview students and teachers for their opinions on different topics. There will be an input box in the office. You can write your full name, grade, and the topic you would like to speak to me about on a slip of paper. I will try hard to get to everyone. I would love to hear everyone’s thoughts. I will also be informing you of Student Leadership projects that are going on. These newspapers will also contain some PTA announcements. The next real newspaper will come soon. I hope you like it!
